A New Look A New Vision A New Opportunity

BY VICTORIA CLARK

AGA is not just three letters with a catchy slogan. It is an organization built on a strong foundation of innovation and leadership. It connects and empowers professionals who support government, from financial management to IT, human resources, cybersecurity and more, to advance good government initiatives, grow their expertise and accelerate their careers.

Historically an organization focused on federal government accountants, Association of Government Accountants (AGA) saw an opportunity to extend their reach. In 2022 the organization's name was changed to AGA and took on a new mission. ADVANCE. GROW. ACCELERATE. This new branding strives to expand the organization's reach outside of government accountants and hopes to influence all sectors advancing government accountability.

Along with a new look and a new brand, comes a new vision. AGA endeavors to advance government responsibility across all facets and all level of government. With its core values being Service, Accountability, Integrity and Leadership, AGA will help shape and drive the future of government accountability.

Community Corner

Community Service is such an important part of AGA. In fact, in AGA's Strategic Plan, service is mentioned as both a core value of the organization as well as part of the strategic goals and objectives that AGA seeks to achieve each year. In our very own backyard of Charleston, SC, there are ample opportunities to serve our community while building partnerships of trust and comradery with local organizations who need support and volunteers. This year, we are going to make it our focus to include a variety of service opportunities that will keep us engaged

with our community as well as highlight our various members' strengths and interests. To kick off our year, we are asking for your participation with the "Back to School Supply Drive" that is happening now through August 15th. We are partnering Neighbors Together to collect school supplies for those who are in need to ensure that all students are given the opportunity to put their best foot forward. And thank you in advance for supporting our community and strengthening our AGA Charleston Chapter!

PDT 2023 at a Glance

A few members of our chapter had the opportunity to participate in this year's Professional Development Training. They will be sharing their experience in our next AGA Charleston SC Chapter meeting. Until then, here are some of their highlights from the week.

PDT allows professionals from a variety of backgrounds to come together and share advances, challenges, and creativity in their field. Hot topics from PDT 2023 are the advances of AI-generated learning, the usage of BoT files for streamlined efficiency, and how to read and prepare fiscal audits for your team and department. While these topics may not be new, they have made severe advances in the last few years that will change the way Government tasks are executed. I really am looking forward to seeing everyone in Denver next summer! ~~ Casey Szegi

AG A's PDT2023 was an amazing and invaluable experience! I attended numerous sessions that directly relate to my role at the Department of State as well as sessions that provided knowledge and best practices in leadership. In addition to the specialized training sessions was the opportunity for networking. Agency and industry leaders were in attendance and the connections I made will prove to be beneficial to our AG A Charleston SC Chapter, my career, and my personal life. I would strongly encourage any member (and future members!) to attend this premier AG A event. AG A National has announced that PDT2024 will be in Denver, Colorado from July 13-July 17, 2024. Mark your calendars!"

- Megan Jones

The AG A's 2023 PDT in Orlando, Florida was a wonderful opportunity to attend multiple educational and informational sessions about today's hot topics in the accounting and finance world and the chance to network with individuals from different agencies and companies." - Ashely Gaskins
