Future Outlook

Program Year 2024–2025

Upcoming Events

The Central Arkansas Chapter strives to contribute to the community as well as to its members. Annually the Chapter sponsors an accounting scholarship at local universities, provides educational opportunities to its members with at least 1 seminar, and supports worthy community service projects. The annual awards banquet is held each June to honor the Financial Manager of the Year and chapter members who have made significant contributions during the year. In December, the holidays are celebrated with a social event.

Some of our upcoming events are as follows:

- Monthly membership meetings are held virtually the third Tuesday of each month.
- In December the chapter will be hosting its annual Holiday Social in Little Rock, Arkansas
- In March 2025 the chapter will host a Spring PDT

CGFM

The foundation of the CGFM is the requirement for Education, Experience and Examination. Building on this foundation is a Code of Ethics and required Continuing Professional Education (CPE). This designation is already recognized as a professional standard. Each year, more and more federal agencies and state and local governments are realizing the value of the CGFM and are formally embracing the designation. It is often listed as a preferred hiring qualification on federal RFPs. The Institute of Internal Auditors (IIA) Board of Regents has also recognized the CGFM. It is accepted as a waiver for part IV of the CIA examination.

Get CGFM Certified Today!

The Certified Government Financial Manager (CGFM) is a professional certification awarded by AGA. It demonstrates competency in governmental accounting, auditing, financial, reporting, internal controls, and budgeting at the federal, state and local levels.

The Chapter will continue to offer two \$240 CGFM scholarships each program year to active chapter members to aid in the cost of exam fees.
