

What is AGA?

AGA is the member organization for government financial management professionals. AGA members work in government financial management across sectors and worldwide, working to increase government financial performance and accountability. AGA provides networking events, professional certifications, ongoing education, and publications to help members build their skills and advance their careers. AGA is committed to increasing government accountability and transparency. The association has been instrumental in helping develop accounting and auditing standards and in generating new concepts for effective organization and administration of government financial management.

Who are we? Mid-Ohio Valley AGA

The Mid-Ohio Valley (MOV) Chapter is part of the Capital Region, and is one of two chapters in West Virginia. With approximately 82 members, the MOV chapter has seen a tremendous increase in participation over the past year. Our goal is not only retaining our current membership, but to also grow and increase participation each year. We are dedicated to enhancing our members' careers by providing them with opportunity to continue their education, network with other accounting professionals and sharpen their leadership skills by serving their communities.

Membership Demographics

70% of Chapter membership is comprised of federal employees. The remaining membership consists of students and academia personnel. Our goal remains for the coming year, to increase overall memberships.

To go beyond that goal, we want to really push to get all of our current & future members engaged and to participate in activities and events. We feel that by engaging more, the individual members, as well as the chapter as a whole, will benefit and maximize the value of our organization.

DOING OUR PART

Serving Members and Community

Continuing Education

During the 2018-2019 program year, the Chapter offered 49 continuing professional education (CPE) credits to its members and other government professionals through chapter-sponsored webinars, members-only webinars, a Spring Forum, an annual dinner meeting, chapter-sponsored trainings and “Lunch & Learn” events. The webinars covered a wide range of professional topics, including “Communications”, “Ethics”, “Internal Control”, “Grants Management”, “Data Act”, and several other fraud, analytical, and leadership topics. Over 100 individuals attended these offerings throughout the span of the program year. Chapter members also met with local college students and professors to promote membership within the chapter, to offer resume workshops and to extend information for obtaining a job within the federal government. Chapter members continued to assist an Ohio Valley University (OVU) professor, who added Governmental Accounting to the OVU accounting curriculum.

CGFM Success

During the 2018-2019 program year, AGA MOV was able to offer Certified Government Financial Manager (CGFM) courses for those interested in becoming a CGFM. This is a professional certification, awarded by AGA National, that demonstrates competency in governmental accounting, financial reporting, internal controls and budgeting. It is a respected credential as it recognizes the specialized knowledge and experience of the certification holder. Of the AGA MOV membership, 32 members are CGFMs. The chapter is hopeful to build off of this success and will continue to promote and market the CGFM certification.

Community Service

The Chapter is eager to serve its community and is continuously looking for opportunities to get involved. Below are just some of the community events AGA participated in for 2018-2019.

Community Service

Old Man Rivers Mission - Helping Hands/Share the Warmth - provided blankets

McKinley Elementary School - provided backpacks, filled with school supplies

Valentines for Veterans

Volunteer Income Tax Assistance

River City Runners & Walkers Club - Winter Series Races

Walk for Alzheimer's

Chapter members also volunteered their time and efforts to a water stop at the Parkersburg Half Marathon. This event draws runners and walkers from all over the country each year. The Chapter had a great time cheering with the community as well as ensuring the safety and hydration of the participants.

State and Local Proclamation

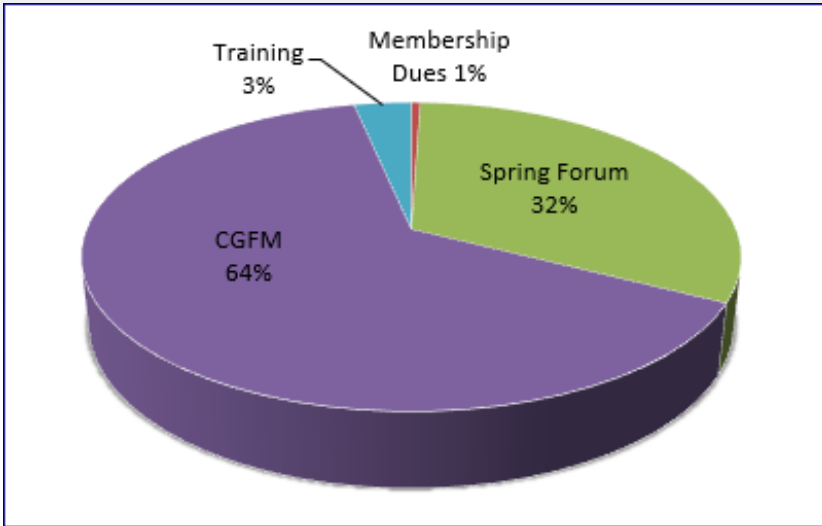

Along with National AGA, the Mid-Ohio Valley chapter declared March 2019 as CGFM Month. The City of Parkersburg Mayor's office issued the chapter a “CGFM Month Proclamation”. Representing the AGA MOV to receive the proclamation from Mayor Joyce and Finance Director Eric Jiles, was Devin Cumpston, Dana Morr, and Joshua Hudkins. The chapter also received a proclamation from the West Virginia State Governor, Jim Justice.

CHAPTER FINANCES

Revenues and Expenses

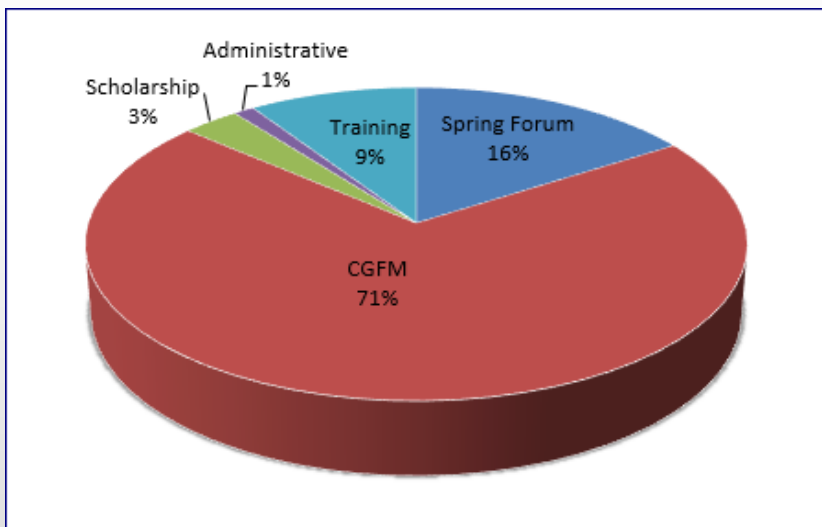

The Chapter is a 501(c)(3) organization that is comprised of voluntary board members and committee chairpersons. We raise money by offering training courses, CPE credits, hosting dinner meetings, and obtaining sponsorship. The revenues that we receive from these sources are used to pay the costs incurred, and excess funds are held for future use.

Reflection

The 2018-2019 program year has been a successful one. The chapter provided Educational opportunities including AGA Webinars, Lunch & Learn events, CGFM exam preparation training, and more. We also served our community in different ways, including working a water stop at the Parkersburg News and Sentinel Half Marathon, supporting Walk to End Alzheimer's, and collecting backpacks full of school supplies for donation to McKinley Elementary School, to name a few. We continue to actively seek new members and ways to serve those members with value. We feel this value focus will drive members to become more active and engaged within the chapter. This increased engagement by chapter members should serve our organization well in the years to come and drive us toward an even more successful chapter in the coming years.
