GENERAL: Kathy Fry (now Murphy) - our first female President - brought many new views to Chapter management and its programs. She beefed up the "Communique" with many technical articles, minutes of Chapter Executive Committee meetings and **THE EAR**, which contained much juicy information and gossip about the insiders in Government and the AGA. To emphasize her theme "Effective Communication for Professional Progress", a one-half day workshop on Communication Skills was held. In addition, a workshop on Fraud, Waste and Abuse in Government Contracting was conducted by

Past President Nelson Shapiro. A delightful December social was held at Ocean IX restaurant in Silver Spring. A door prize of \$14 a month (the cost of the dinner) was initiated to encourage meeting attendance. The first major bylaws change in several years was approved by the membership.

**PROGRAMS:**

June Gibbs Brown, National President, AGA
