We hope to receive personal letters of thanks from the families sponsored for the holidays in the early weeks of January. As we receive them, we will forward them on to you.

Thank you again for your generosity and willingness to support our most valuable resource - our students.

To Those that made Our Christmas Brighter,
I am a 77 year old Great Grand-
mother. I have custody of my Great
Grandson and my husband of 60 years
passed away a year ago. With his passing
this made money very tight.

I have always provided my
Great Grandson's Christmas. I have
always worked two and three jobs to
provide for my family. My own health
has been declining for the last two
years and I have had to stop working.

I was worried how I would
provide Christmas for my Grandson.
When I applied for this I was not ex-
pecting all that we got. I am very grateful
for organizations like this. It warms
my heart to know that there are still
people in this world that are willing to
do something this special for people
they don't even know.

I thank you for all that you
have done for my family this Christmas.
I hope that your family's and your
Christmas were as blessed as mine

Thank You.

To everyone who helped us afford our presents, Thank You.
You helped us come together and to open these
amazing presents. When I saw everyone open their
presents, that you guys help provide made
them even more special. I'm very thankful
& wish I could do more than write
a letter to show my appreciation, so
I drew a picture.

P.S. I really liked the
drawing suitcase.

Thank You

Thank you for

This was our 1st year with
Bright future & it was Amazing.
I can't begin to put in to
words how grateful I am.
I'm a 32 yr old single mom
& always have been. I
was in a bad car accident
in Feb. 2019 which led me
to have a prosthetic hip.
I was not able to work most
of the year. My daughter
that you all saved this year
has really been through it
with her health. We are back
& forth to UVA Hospital all
the time. She's autistic, has
epilepsy, Chiari 1 malformation,
Crohn's Disease, & Bipolar Disorder.
She's my little soldier for sure.
She's incredible. She had a
major surgery Dec. 26th 2019
@ UVA to correct her walking.
It's called Achilles Tendon
Lengthening Surgery. She has
been through a lot & needs full
time, around the clock care from
this procedure. She has casts on
both her legs from knees to toes.
She's in a wheel chair →

Thank you to the moon & BACK
(2) Infinity times 

Temporarily. We had to go to UVA. Dec 25th 2019 night b/c the surgery was @ 7:30 A.M on Dec 26. We have been home 7 days & I had to turn living room into her bedroom/bathroom since she's restricted from doing much. It's been another hurdle to jump but we are getting by. I haven't had a car all year either but Medicaid takes us to her Dr. Appts. You all doing what you did this Christmas was absolutely amazing. I just wanted you to know a little bit about my daughter that you gave a miracle to this Christmas. So you can know us a little better & realize the beautiful thing you gave to her. You're an Angel in Disguise!! I can't thank you enough & will keep you in our hearts always. I'll never forget this. I wish I knew who you were but they want us never knowing!! We love you all & we're thankful. It's nice to know there's under cover Angels out there & that we got a chance to cross paths. We love you for all you did for us.!!
