AGENCY OVERVIEW

Established in 1939, the Idaho State Police (ISP) has consistently upheld a tradition of excellence in law enforcement. With a dedicated force of over 700 individuals, our agency serves as a beacon of public service, with each member contributing significantly to our collective efforts.

The core mission of ISP, diligently pursued by every member, is to ensure the safety and well-being of all Idahoans. Our sworn employees, the frontline heroes, tirelessly work to prevent and investigate crimes, safeguard highways, and respond to emergencies. Their expertise and unwavering commitment forms the cornerstone of our agency's success. Simultaneously, our Professional Staff play a pivotal role in supporting sworn employees, law enforcement partners, and the public by adeptly handling technical, scientific, and logistical tasks.

ISP actively empowers all employees to elevate customer service, advance their skills, and embrace innovation through the lens of public service. The positive reputation and public trust we enjoy stems directly from the professionals who choose to serve with the ISP.

REVENUE & EXPENDITURES

Idaho State Police receives most revenue from dedicated sources, including state and federal funds. Usually, revenue collection is built into user fees or taxes that finance a specific service or project - for example, vehicle registration fees or fuel tax funds.

General funds are collected from taxes and fees imposed by the state, such as individual income and corporate tax, whereas federal funds include allocations for specific programs. Federal funds are often passed through other state and local governments for criminal justice activities.

LOOKING INTO THE FUTURE

TO GOVERNOR LITTLE AND THE CITIZENS OF IDAHO.

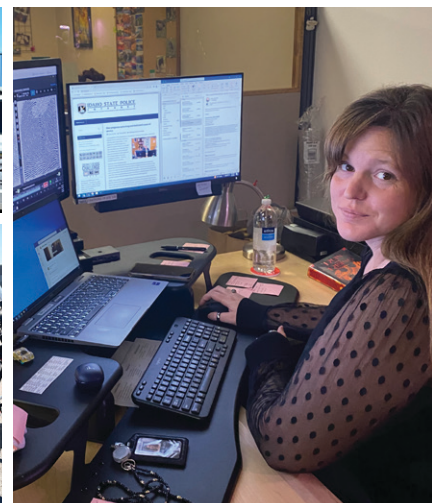

2023 marked a significant milestone for ISP, with increased support from the Governor's Office and the Idaho Legislature. This support enables us to enhance our training programs, address salary concerns, mitigate fuel costs, acquire essential safety equipment, and most importantly, add new positions for trained staff. These positions include a centralized Records Manager for more efficient records processing, two Commercial Vehicle Safety Specialists to meet the growing demands of the motor carrier industry, seven Forensic Investigators for cold cases and DNA collection, two Technical Records Specialists (TRS) in the Sex Offender Registry Unit, and additional hours for evidence processing. Additionally, we welcomed one SART/SANE nurse, crucial for essential training and supporting law enforcement in sexual assault and forensic cases, and seven additional troopers for the Domestic Highway Enforcement (DHE) Team. The DHE expansion will work with our K-9 units to combat illegal drugs and enhance highway safety. Recognizing the threat posed by illegal drugs, particularly fentanyl, to communities across our state, DHE remains a priority within the Esto Perpetua initiative.

As we continue to progress, ISP remains steadfast in our commitment to upholding the highest standards of professionalism, integrity, and service. Our vision fosters an environment of accountability and transparency across all our operations, and we are dedicated to safeguarding constitutional rights, protecting property, and enhancing the overall quality of life in our magnificent state. Collaboration and building robust partnerships with local law enforcement agencies, government entities, community organizations, and the public remain at the core of our strategy to ensure the security of Idaho.

We are sincerely grateful for your trust and support in ISP as we continue serving Idaho. We remain resolute in dedication to our mission.

THANK YOU FOR YOUR SUPPORT.
